

Norwich South, Eaton

Date: Feb, 2017

Message from Inspector HAYES

The team at Norwich South have seen some fantastic results in response to a recent spate of burglaries. This work will continue as we strive to gather intelligence and target individuals who are intent on committing crime in the South. I would like to thank the public for calling us which helps us in building the intelligence picture. I urge this contact to continue so that we can maintain our efforts and help to support the local community. Next month will see our Police Priority Setting Process being supported and I look forward to that engagement opportunity.

Message from your Engagement Officer

I am keen to support residents associations—having a direct link can fast track information sharing and enhance the way we deliver our service. If you are involved with a residents group please get in touch so I can be involved too.

If you want to report specific non emergency issues please dial 101. Explain what the issue is and the area you live. This can then be passed to a relevant officer in that area.

What is happening in your area

Next month we will hold a consultation with local councillors and community representatives to canvass opinions on what is affecting you where you live. This data will then be collated and put to a public vote through social media to identify a policing priority, to begin in May. This process has been really successful in other areas and details about the process will be released shortly.

Neighbourhood Priorities

The team have made significant arrests in relation to a recent spate of dwelling and commercial burglaries and this will see the high figures reported drop significantly going into the new period. This focus will continue with attention being paid to the Golden Triangle areas. Please be vigilant and report suspicious activity. Some burglars choose to act in broad daylight so bear this in mind and be on the look out as you are our eyes and ears.
